### **Otley, Ilkley, Guiseley and Yeadon Bus Services**

The Combined Authority's contract with Transdev to operate local bus services in the Otley, Ilkley, Guiseley and Yeadon areas will expire on 19 February. Due to ongoing uncertainty about Government funding for buses, it has not been possible to secure continuation of all of the services in their current form.

Arrangements have been made with Connexions to operate services in the Otley and Ilkley areas however it has not been possible to secure a bus operator to provide service 966 which provides links into and around Guiseley and Yeadon. This also applies to service 948 which links Apperley Bridge Rail Station with Idle and Eccleshill Park Road in the morning and evening peaks which uses the same bus as 966. Regrettably, these services will therefore be suspended.

The Combined Authority will review options for these services in consultation with the respective ward members.

We apologise for the short notice and that passenger information may not be in place for when these services start on 20 February

Services will operate as follows:

**923 Otley – Wetherby**

**Sunday 19 February**

**Operated by Connexions Buses**

Journeys will be re-timed and will leave Wetherby at 0705 0930 1150 and 1400 and leave Otley at 1110 1635 and 1805.

This service will now be operated by Connexions Buses. A revised timetable will be introduced with all journeys operating via Menston Station and Menston Village (replacing the DASH). The service will continue to connect with trains at Menston where possible. The hourly Otley-Ilkley link will be retained except for the 1105 journey which will be withdrawn. Journeys between Ilkley and Hebers Ghyll will be numbered 961 and will be reduced to operate two hourly at certain times of the day. Unfortunately, the service will not operate via West Busk Lane in Otley.
